

TABLE OF CONTENTS

MODULE I – STANDARD CONDITIONS

A. Effect of Permit.....	1
B. Enforceability	1
C. No Waiver of Authority	1
D. Permit Actions	2
E. Severability	2
F. Duties and Requirements.....	2
G. Signatory Requirement.....	9
H. Confidential Information.....	9
I. Documents To Be Maintained at Facility Site.....	10
J. Protection of Human Health and the Environment	10
K. Conflicts	10
L. Definitions	11

Attachment I-1Regulations Incorporated by Reference

MODULE II – GENERAL FACILITY CONDITIONS

A. Applicability.....	1
B. Design and Operation of Facility	1
C. Required Notice	2
D. General Waste Analysis	3
E. Security.....	4
F. General Inspection Requirements.....	5
G. Personnel Training	5
H. General Requirements for Ignitable, Reactive, or Incompatible Waste	5
I. Location Standards	6
J. Emergency Management Procedures	6
K. Contingency Plan.....	7
L. Manifest System.....	7
M. Recordkeeping and Reporting.....	8
N. Closure/Post-Closure.....	9
O. Cost Estimates for the Facility Closure	12
P. Financial Assurance	12
Q. Liability Requirements	13
R. Financial Requirements	13
S. Facility Drawings.....	13
T. Miscellaneous Units.....	14

Attachment II-1Waste Analysis Plan

Attachment II-1-1	Waste Analysis Plan and Formula Development for Treatment Wastes
Attachment II-1-2	Approved Treatment Reagents
Attachment II-1-3	Waste Stabilization Plan
Attachment II-1-4	Liquid Waste Management Plan
Attachment II-1-4-1	Analytical Procedures for Formula Development for Liquid Waste Solidification

Attachment II-1-5	Macroencapsulation Plan
Attachment II-1-6	Leachate, Evaporation, and Decontamination Waste Management Plan
Attachment II-1-7	Spray Washing Plan
Attachment II-1-8	Management of Waste for Disposal at the LLRW Facility
Attachment II-1-9	Mixed Waste Operations Building Operating Plan
Attachment II-1-10	Management of Wastes Containing Polychlorinated Biphenyls (PCBs) at the Mixed Waste Facility
Attachment II-1-10.1	Management of Waste Containing Polychlorinated Biphenyls (PCBs) at the LLRW Facility
Attachment II-1-11	Mixed Waste Treatment Building Operating Plan
Attachment II-1-12	Thermal Desorption Separation Plan
Attachment II-1-12-1	Thermal Desorption Shakedown Operations and Waste Family Demonstration Testing
Attachment II-1-12-2	Waste Family Operational Parameters
Attachment II-1-13	Mixed Waste Storage Building Operating Plan
Attachment II-1-14	Management of Waste Codes F020-F023 and F026-F027
Attachment II-1-15	Aerosol Can Puncturing System Operating Plan
Attachment II-1-16	Off-Loading Waste Using the Rotary Dump Facility

Attachment II-2 Site Security Plan

Attachment II-3 Site Inspection Plan

Attachment II-4 Personnel Training Plan

Attachment II-5 Preparedness and Prevention Plan

Attachment II-6 Contingency Plan

Attachment II-7 Closure Plan

Attachment II-7-1	–Overall Facility Closure Cost Summary
Attachment II-7-2	Closure Cost Estimate – Mixed Waste Details
Attachment II-7-3	Reserve Capacity Calculations
Attachment II-7-4	Financial Assurance Mechanism
Attachment II-7-5	Closure and Post-Closure Standby Trust Agreement

Attachment II-8 Post Closure Plan

Attachment II-9 Construction QA/QC Manual

Attachment II-10 Plan for Controlling Wind Dispersal

Attachment II-11 Facility Drawings

MODULE III – STORAGE AND TREATMENT IN CONTAINERS

A. Applicability.....	1
B. Permitted Waste Identification	1
C. Prohibited Waste Identification	3
D. Condition of Containers.....	3
E. Compatibility of Waste with Containers	4

F. Management of Containers	4
G. Containment Systems.....	5
H. Inspection Schedules and Procedures.....	5
I. Recordkeeping	5
J. Closure	5
K. Special Container Provisions for Ignitable or Reactive Waste.....	6
L. Special Container Provisions for Incompatible Waste	6
M. Treatment of Waste in Containers.....	6
N. Management of Waste in Railcars	6

Attachment III-1.....Container Management Plan

Attachment III-2.....Waste Identification and Tracking Plan

MODULE IV – STORAGE AND TREATMENT IN TANKS AND SURFACE IMPOUNDMENTS

A. Applicability	1
B. Permitted and Prohibited Waste.....	2
C. Secondary Containment.....	3
D. Installation Requirements	3
E. Operating Requirements	3
F. Response to Leaks or Spills or Action Leakage Rate Exceedance	4
G. Inspection Schedules and Procedures	5
H. Recordkeeping and Reporting.....	6
I. Closure and Post-Closure Care	7
J. Special Tank and Surface Impoundment Provisions for Ignitable or Reactive Wastes	7
K. Special Tank and Surface Impoundment Provisions for Incompatible Wastes.....	7
Table IV-1, Tank Features	8

Attachment IV-1.....Tank Management Plan

Attachment IV-2.....Mixer Effectiveness Plan

Attachment IV-3

Fire Protection Plan

MODULE V – DISPOSAL IN LANDFILLS

A. Applicability	1
B. Permitted and Prohibited Waste Identification.....	1
C. General Design and Construction of Landfill Cells and Phases.....	1
D. General Operating Conditions	6
E. Land Disposal Restrictions	8
F. Recordkeeping and Reporting.....	9
G. Management of Run-On/Run-off Facilities.....	11
H. Inspection Schedules and Procedures.....	11
I. Waste Tracking	11
J. Closure and Post-Closure Care	12
Table V-1.....	13

Attachment V-1

Design of Run-On/Run-Off Control Berms

MODULE VI – GROUNDWATER MONITORING

A. Applicability.....	1
B. Groundwater Protection.....	1
C. Required Programs	2
D. Groundwater Protection Standard	2
E. General Groundwater Monitoring Requirements.....	2
F. Detection Monitoring Program.....	5
G. Reporting and Recordkeeping.....	6
H. Assurance of Compliance	7
I. Special Requirements if Groundwater Concentration Limit is Exceeded	7
J. Compliance Monitoring Requirements	9
K. Corrective Action Requirements.....	10
Table VI-1, Class 1 Groundwater Monitoring Parameters	12
Table VI-2, Class 2 Groundwater Monitoring Parameters	16

Attachment VI-1.....Groundwater Field Sampling Plan

Attachment VI-2.....Permanent Abandonment of Monitoring Wells

MODULE VII– CORRECTIVE ACTION PROGRAM

A. Applicability	1
B. Standard Conditions	1
C. RCRA Facility Assessment	2
D. RCRA Facility Assessment Report	2
E. RCRA Facility Investigation	2
F. Interim Measures and Voluntary Clean Up Actions.....	4
G. Notification Requirements for and Assessment of Newly Identified Solid Waste Management Units	6
H. Determination of No Further Actions.....	8
I. Corrective Action Plan.....	8
J. Reporting Requirements.....	9
Table VII-1, RCRA Facility Investigation Compliance Schedule	10
Table VII-2, Corrective Action Compliance Schedule	11
